

# Isabel

*Isabel specializes in developing and supporting corporate eBanking and electronic invoicing systems. Its solutions are used by a vast number of financial institutions and bank associations throughout Europe including Spain, Portugal, The Netherlands, France, United-Kingdom, Germany, Italy, Luxembourg, Poland, Hungary, Czech Republic and Slovakia.*

Isabel has developed extensive business know-how by operating its own multi-banking solutions within the Belgian market for 25 banks and 110,000 corporate customers.

Thanks to its ZOOMIT solution, Isabel is also the ideal EBPP partner for exchanging documents with consumers and SME's via Internet Banking.

This unique combination of business knowledge and ICT solutions makes Isabel's offer extremely attractive for any bank that is looking for a complete, flexible and reliable solution.

Founded in 1995, Isabel is privately owned, employs 110 people and is based in Brussels. In 2005, it had a turnover of 33.66 million euros.
